ENERGIA ITALY Legend: For the installations written in red we suggest you to contact Technical Assistance ENERGIA ITALY

ENERGIA ITALY considera, in base alla propria esperienza ed alle prove svolte, generalmente possibile la conversione a GPL o Metano dei veicoli presenti in questo configuratore, che ha, in ogni caso, un valore puramente indicativo, senza assunzione di responsabilità alcuna, a riguardo, da parte di ENERGIA ITALY consiglia di trasformare a GPL o Metano vetture in buone condizioni di funzionamento e correttamente mantenute. ENERGIA ITALY consiglia di seguire sempre il piano di servizio della Casa Madre e di effettuare la manutenzione prescritta nei propri libretti Uso e Manutenzione presso una propria officina Autorizzata. ENERGIA ITALY ricorda che la propria responsabilità per eventuali sinistri, che possano verificarsi su veicoli trasformati, è limitata esclusivamente a quelli che hanno origine quale causa diretta di difetti di conformità dei prodotti fabbricati da ENERGIA ITALY, così come accertato a seguito di perizia tecnica.

ENERGIA ITALY considers, on the basis of its experience and the tests carried out, generally possible the conversion to LPG or methane of the vehicles present in this configurator, which has, in any case, a purely indicative value, without the assumption of no responsibility whatsoever, on the part of ENERGIA ITALY recommends to convert to LPG or methane only vehicles in good working conditions and correctly maintained. ENERGIA ITALY recommends to always follow the original OEM service plan and to carry out the maintenance prescribed in its own use and maintenance booklets at its own authorized workshop. ENERGIA ITALY recalls that its responsibility for eventual claims, which may occur on processed vehicles, is limited only to those originating as a direct cause of defects in conformity of the products manufactured by ENERGIA ITALY as determined following technical expertise.
